Updates from the AIChE Management Division

Key Updates:

- Key 2020 Themes
- 2020 Management Award
- Call for 2020 Service award nominations
- AIChE Spring/Annual 2020 Programming Outlook
- Easing communication - New distribution lists

Key MGMT Development Themes for 2020

Members of the Management Division are working together and developing content on three broad categories for the benefit of all members. The three work-groups below have kicked-off content development. If you would like to join the teams, please reach out to us with your ideas.

- Management Career Development
- Modern Management Practices
- Diversity, Equity and Inclusion in Management

The results delivered by each of these work-groups will be shared AIChE-wide on Engage as documented best practices.

The Management Career development work group is working on developing material for students, emerging managers, experienced managers as well as tech-management transitions.

The Modern Management Practices team is working on providing case studies for team effectiveness, emotional intelligence and chemical engineering for public good.

The Diversity, Equity and Inclusion in Management work group is developing content for women and underrepresented groups in Management as well as LGBTQIA + Allyship in Management.

We shall keep you updated and look forward to sharing the new content online with you soon.

Scott Klara to receive the 2020 Management Award

This award recognizes an outstanding individual who has made a substantial contribution to the management and leadership of engineers involved in the field of chemical engineering. It will be presented to Scott Klara at the 2020 AIChE Annual Meeting. He is the Associate Vice President for Strategic Partnerships for University of North Dakota's Energy & Environmental Research Center (EERC). Scott will make a presentation at the 2020 Annual Meeting on some key leadership principles that will help current and future leaders optimize research toward a sustainable energy future. The presentation will also focus on the current state of fossil fuel usage, and how these fuels will be the bridge toward a future dominated by sustainable energy technologies.

Call for 2021 Management Division Service Award Nominations

The Management Division 2021 Service Award is to be presented at the 2021 Spring Meeting in Dallas. Please send in your nominations for Management Division member who have provided outstanding service to the Management Division. Details of the award and nomination procedures can be found at : <https://www.aiche.org/community/awards/management-division-service-award>

AIChE 2020 Spring/Annual Meeting Programming Updates

Keeping in mind AIChE's focus on providing a safe and healthy environment for all stakeholders, we are pleased to share with you that the Spring meeting will now be held virtually, over the revised dates of Monday, August 17 through Friday, August 21. The conference will be held using vFairs platform. Registration rates will be reduced and those who have already registered for the meeting will be refunded the difference between the original rates and the new rates. Details will be provided on the website's registration page. Management Division Spring Session details can be found at:

<https://www.aiche.org/community/sites/divisions/management/events/2020-aiche-spring-meeting-updated-program>

The Annual Session is still being planned for November 2020 and the Management Division has planned six sessions for the same. The details can be found at:

<https://www.aiche.org/community/sites/divisions/management/events/2020-aiche-annual->

Reaching out to the Management Division

The Division has created new email distribution lists to facilitate communication to and within the Management Division members. Many thanks to Past Chair, Fernando Aguirre for his efforts and personal funding towards creating this. Feel free to reach out to us at Volunteers@aichemgmt.org or Board@aichemgmt.org
