September 2024

Updates from the AIChE Management Division

## Key Updates

- [Chair's Column](#)
- [Management Division Engagement Survey 2024](#)
- [Management Division Bylaws Updated](#)
- [Division Led Webinars \(Recorded\)](#)
- [AIChE 2024 Annual Meeting Sessions](#)

**Harold T. Conner**  
Division Chair

## Chair's Column

### Conner Comments as the AIChE Management Division Chair 2024

As the current AIChE MGMT Division Chair, Harold T. Conner talks about the key focus areas for the division this year. Read the article [here](#).

## Management Division Engagement Survey 2024

The division conducted a survey to gather information on the relevance of the AIChE Management Division and to improve the engagement with the AIChE community. The survey analysis will be reported and will help the division improve in the future. Thank you for the valuable feedback!

## Management Division Bylaws Updated

AIChE Chemical Engineering Technology Operating Council (CTOC), which leads governance and best practices across AIChE Divisions and Forums, began an Institute-wide initiative to review Bylaws in Q4-2022. The Management Division Board approved the updated version of the Bylaws earlier this year. The details can be found [here](#).

## Division Led Webinars (Recorded)

**Title:** Time Management for Profit (Career) and Fun (Personal)

**Presenters:** Dennis Hess, Gayle Gibson, and Austin S. Lin

**Details:** [Link](#) (Recorded, September 18, 2024)

View our transformative webinar to discover how effective time management can enhance productivity and well-being while minimizing stress and anxiety. This session explores the impact of improper time management and offers practical strategies to prioritize tasks, optimize efficiency, and reclaim control of your daily schedule.

**Dennis Hess**  
Emeritus Professor  
ChBE, Georgia Institute of Technology

**Gayle Gibson**  
Senior Fellow  
Mission Possible Partnership

**Austin Lin**  
Quantum Computing Standards  
Google

Learn to differentiate between urgent and important tasks and gain insight into managing workloads and navigating multiple deadlines. Real-life case studies illustrate common time management challenges and provide actionable solutions applicable to any professional setting.

In one hour, you'll:

- Analyze and optimize time usage to enhance productivity and reduce stress.
- Prioritize tasks effectively to focus on critical objectives.
- Learn strategies for managing upward relationships and alleviating time pressures.
- Explore real-world examples of effective time management solutions.

## AICHE 2024 Annual Meeting Sessions

The technical program for the management division is now available. The sessions begin on October 26 through October 30, 2024. Join and connect with the division members at the sessions, ticketed dinner and the division meeting.

### [AICHE 2024 \(Management Division Sessions\)!](#)

---

**Oct 26** - Annual Student Conference

---

**Oct 28** - Leading and Managing Industry-Academia Collaborations and Partnerships  
- Leadership and Management of Sustainable Solutions in Industry  
- Dinner ([Ticketed Event](#): MGMT, ENV, ChE&L)

---

**Oct 29** - Non-Traditional Career Opportunities in Chemical Engineering for MBA's, Legal Practitioners and Ph.D.'s  
- MGMT Division Meeting  
- Perspectives on Leadership Growth from Previous Management Award Recipients  
- The Revolution Before the Revolution: Technology Leadership in Quantum Computing

---

**Oct 30** - Latest outlook and key trends shaping the growth of chemical industry  
- Innovation and entrepreneurship in Chemical Engineering

---
