Norm McMullen retired from his Senior Advisor position at BP America in July 2008. He is now working part time as a Flow Assurance Consultant. Before joining BP in 1997, he was President of PipeSoft Corp. for 4 years and held many positions in Chevron Corp. for the previous 20 years. McMullen holds a BS (1973) and MS (1974) from the University of Washington, both in mechanical engineering.
