Meeting Announcement

Entering a Golden Age of Chemical Engineering by Phillip R. Westmoreland, 2013 AIChE President

Location: University Club, 4200 Hillsborough St, Raleigh, NC 27606
When: Wednesday, September 18, 2013
Time: Social starts at 5:30 PM, Dinner at 6:30 PM, Lecture at 7:00 PM
Request: Bring your spouse or a guest.
Fee: \$10 for AIChE members and the first 5 student chapter members.
\$15 for non-members for buffet dinner
Limit: The event is limited to 50 persons, so RSVP early

Phil is the President of AIChE, is a professor at North Carolina State University in the Department of Chemical and Biomolecular Engineering and a Chemical Engineering graduate from NC State University with a Masters from LSU and PhD from MIT. This talk will cover Phil's belief that we're entering a new Golden Age of Chemical Engineering. That belief is based on five trends:

- The new abundance of hydrocarbon resources;
- Biology's turning into a molecular science;
- Computing's evolution into a cyberinfrastructure;
- Manufacturing's shift to emphasize processes and properties;
- Society's need for the breadth and problem-solving approaches of ChE.

Please RSVP by September 12th

RSVP to: Tim Wallace (timwallace@embarqmail.com) or call 919-552-6330
