OF

CHEMICAL ENGINEERS

A. I. C. H. E. MEETING - OCTOBER 10

1956

CHICAGO SECTION

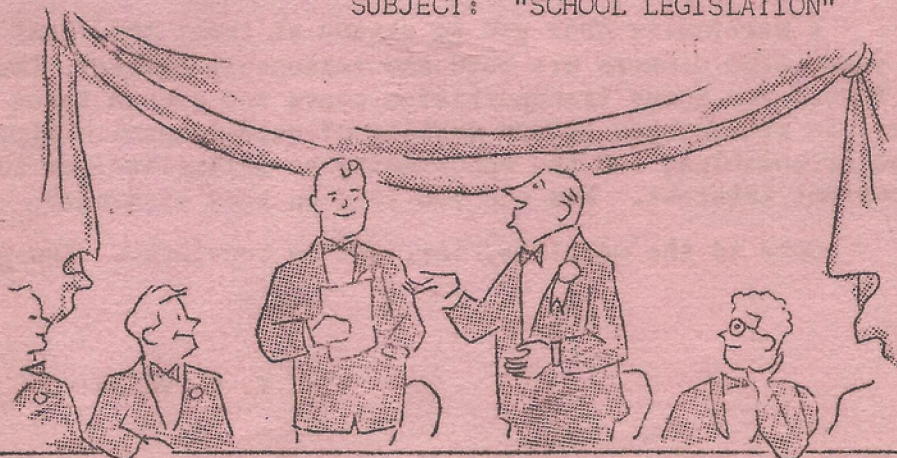

TIME: 6:30 P.M.

PLACE: BUILDER'S CLUB
LA SALLE & WACKER
CHICAGO LOOP

DINNER: \$3.50

SPEAKER: Mr. James E. Pease, Supt. of School District No. 102,
LaGrange, Illinois.

SUBJECT: "SCHOOL LEGISLATION"

A GREETING FROM THE NEW CHAIRMAN :

One objective of your new Board of Directors is to provide you the membership with eight evenings of enjoyment during the coming year. We hope that simultaneously the eight regular meetings will be enlightening.

The meetings will be consistent with the best principles of the profession and of the business world. We know you will find it worth your while to attend every section meeting. Very frankly, we expect you to support financially the Section.

We think you will like some of the new innovations planned for this year. You will appreciate the free, sponsored cocktail hour that will henceforth precede each meeting. A new self-addressed and stamped return envelope will be sent out to every chemical engineer in the area for his convenience in paying section dues.

You already see the new format being used for meeting announcements and the Newsletter. A commercial secretarial service has been employed to improve our mailing and address record keeping system. A one-day meeting has been arranged at which free and open discussions will be held on two very provocative subjects, "The Pro & Con of Unionism for Engineers", and "What Management Expects from the Engineer".

Once again, a regular section meeting will feature a very special attraction-"Ladies Night". Last, but not the least, a really outstanding series of programs has been lined up for this year's section meetings. There will be additional changes and attractions evident as the year passes. We believe you will approve of them.

I personally urge you to attend at least the first few meetings this year. The dinners are good and reasonably priced. The refreshments are free. You incur transportation costs and expend three to four hours time. In return, you get an evening of good companionship, the chance to form new friendships, and the opportunity to assimilate new ideas on subjects of current interest. How can you lose on this exchange?

Come to the meetings, see, and be convinced. You will enjoy yourself!

OCTOBER MEETING

SPEAKER:

MR. JAMES E. PEASE

Mr. James E. Pease is in his 17th year as superintendent of School District No. 102 located in LaGrange, after having served in the same capacity for 10 years in the Muskegon, Michigan school system.

He was a member of the Michigan Educational Legislation Committee, and has been a member of the Illinois Education Association for the last 11 years. Mr. Pease is past president (1952-53) of this organization.

He is chairman of the Legislation Committee of the Illinois Association of School Administration, and president of the Superintendent's Round Table of Northern Illinois. He recently has been requested by the U.S. Government to aid in setting up a military education program.

Mr. Pease has been active in all Illinois school legislation passed in the last 12 years. He is well qualified to speak on this subject, as indicated by his background and by the 1000-odd talks he has given on this subject.

His talk will deal with the organization and financing of our school system, as well as recent and proposed school legislation. The talk will be followed by a discussion period.

will enjoy

EDITORIAL

Time once again to start doing something about A.I.Ch.E. membership. The Chicago Section is hoping to make this the biggest and best year in its history and you can help.

A new system of billing is being tried with the hope that it will encourage a speedier and larger response. With the second issue of the Newsletter you will find a self-addressed stamped envelope of the "fold-up" type. Fill in the necessary information, enclose your check or money order for \$2.00, seal the envelope and drop it in the mail. This notice of dues will be in the second Newsletter only so watch for it and mail it as soon as you can.

The Chicago Section has big plans for the next couple of years. Included are a one-day symposium in the fall of 1956 and the National Meeting in the fall of 1957. In addition to these extra activities, the program committee has assured us of excellent programs for all of our monthly meetings during the coming year. The success of our activities depends on each of you, so join the Chicago Section of A.I.Ch.E. now. Dues for the year are only \$2.00 and I am sure you will agree that it is money well spent.

Don't forget!! Fill out the envelope which will be with the second

SYMPOSIUM ON PROFESSIONAL DEVELOPMENT

A very interesting program has been developed for the Symposium of Professional Development which will be sponsored by the Chicago Section of A.I.Ch.E. The day to mark on your calendar is November 7, 1956; The place, The Conrad Hilton Hotel.

The morning session will be devoted to the topic "Pros and Cons of Unionism for Engineers". The panel will consist of Mr. John S. Wilson of Heidrick & Struggles; Mr. Russell Stevens, President of American Federation of Technical Engineers; Mr. Joseph Amann, President of The Engineers and Scientists of America; and others.

The topic "What Management Expects of the Engineer" will be discussed in the afternoon by a panel made up of Dr. Robert Aries, R.S. Aries and Associates; Dr. William E. Brinker, Chief Engineer of Corn Products Refining Company; Mr. A. G. Hewitt, Vice President of the Visking Corp.; and Dr. P. C. White, Manager of Research, Standard Oil Company of Ind.

There will be a cocktail hour and a banquet in the evening. The after-dinner speaker will be Mr. Norman Martin, University of Chicago.

MARK NOVEMBER 7, 1956 ON YOUR CALENDAR!

WATCH YOUR MAIL FOR THE FULL PAGE PROGRAM AND THE PRE-REGISTRATION FORM!

RETURN THE PRE-REGISTRATION FORM PROMPTLY!

SEE YOU THERE!!!

P E R S O N A L

N E W S :

Jim Rollbuhler, a chemical engineer at Johnson Wax and now on active duty in the Air Force, became a proud father of a boy - David James - on August 24th in Cleveland.

Mr. E. D. Milligan has joined the staff of the Chemical Plants Division of Blaw-Knox as a project engineer in the Special Processes Department.

Also joining the Blaw-Knox Chemical Plants Division was Mr. Thomas C. C. Cheng, formerly with the University of Illinois. Mr. Cheng has wide experience in caustic and chlorine manufacture and alcohol fermentation.

Mr. William Zamzow, formerly with the Proctor & Schwartz Company, has joined the Kraft Foods Company Research Laboratory at Glenview. Mr. Zamzow was a member of the Philadelphia, Wilmington Section, A.I.Ch.E.

Walter Hock received a ten-year service award from the Kraft Foods Company in June.

Horace Hinds, Director of Process Development at Corn Products Refining Company, underwent surgery in July and is recuperating on the West Coast.

After an eight month illness and convalescence, Woodrow W. Cerf returned to work at Corn Products Refining Company.

With a two-year "hitch" in the U.S. Army behind him, Jack L. Donahue returned to work at Corn Products Refining Company. Jack spent most of his time in the Army at the Guided Missile Center, Fort Bliss, Tex.

Byron Martin transferred from the Research and Development Dept. to the central Engineering Department of Corn Products Refining Company.

PERSONAL NEWS (CONTINUED)

Douglas Dowie transferred from the Kansas City plant of Corn Products to the Research and Development Department at Argo.

Among the Local section members who attended the A.I.Ch.E. Regional Meeting at Pittsburgh were R. Benes, H. R. Hopkins and H. L. Pabich of Corn Products and W. A. Rodger, Phillip Fineman and J. W. Loeding of the Argonne National Laboratory, and Hank Nolting of the Standard Oil Company of Indiana.

Charles S. Steiner was promoted to Head of the Process Planning and Chemical Engineering Divisions of Swift and Company, and will be located in their Chicago office. Earle Fritz was promoted to Department Head of the Industrial Oil Development Group at the Swift Technical Products Plant in Hammond. This position was held previously by Mr. Steiner who was hospitalized this summer.
