AICHE LADIES NIGHT, SATURDAY, APRIL 6, 1963

PLACE: Acacia Country Club SOCIAL HOUR: 6:30 P.M.  
U.S. 66 & Wolf Road DINNER: 7:00 P.M.  
(South of La Grange) SPONSOR: Industrial Filter and  
Pump Manufacturing Co.

COST: \$10.00 per couple for members  
\$10.00 per couple (Others) DANCE ORCHESTRA:  
Joe Votava

SPEAKER: Dr. Jerry Proctor  
Head of the Nutrition Laboratory  
National Dairy Products Corporation,  
Glenview, Illinois

SUBJECT: "What You Eat Becomes You"  
DANCING: 9:30 P.M. until?

- Mark Your Calendar for the May Meeting -

Date: May 8, 1963

Place: Builders Club

Speaker: Mr. A. N. Cherico  
Manager of the Process Division  
Chicago Bridge and Iron Company  
Subject: Saline Water

Also: Election of Officers

ABOUT THE SPEAKER:

Jerry Proctor graduated from Texas A & M in 1955. He received his Masters and Doctors degrees from Cornell University in 1958 and 1960, respectively. In his present position as head of the Nutrition Laboratory for National Dairy Products, he has the responsibility of directing the nutritional studies of the Kraft Foods Company, which is owned by National Dairy.

Dr. Proctor's areas of research include: Antibiotic response in animals, nutritional muscular dystrophy, and deficiency diseases. He is a member of the American Association for the Advancement of Science, the American Society of Animal Science, The American Association of Vitamin Chemists and the Nutrition Society of Great Britain and Ireland.

In his talk, "What You Eat Becomes You", Dr. Proctor will cover the relationship of the food we eat to our general health and appearance.

-----  
Our Host,  
Industrial Filter and Pump Manufacturing Co.

Industrial Filter & Pump Mfg. Co., Cicero, Illinois, designs and manufactures Filters for liquid solid separation as well as Water and Waste Treatment Equipment for the chemical, food and metal finishing process industries.

Industrial Filter and Pump was founded 35 years ago by its' president Tom Lundberg. The company today enjoys an international world trade in its' marketing program as well as being one of the leaders and major forces of supply for this type of equipment on a national scale. Among the varied equipment manufactured are Horizontal and Vertical Pressure Leaf Filters of all types, Demineralizers, Ion Exchange Equipment, Water Softeners, Pumps, Heat Exchangers and environmental testing equipment.

NOMINATIONS FOR THE COMING YEAR

Chairman Betzig has announced that the nominating committee for the annual election of officers will consist of Bob Opila, Corn Products (chairman), Thorpe Dresser, Sinclair Oil, and Oliver Bolduc, Austin Co. The election of officers will take place at the meeting on May 8, 1963 at the Builders' Club. As a help to the nominating committee, please give us your suggestions for candidates. (Officers must have been members in good standing for at least 2 successive fiscal years, nominations must be made by members in good standing.)

The nominating form should be returned to:

Mr. Robert Opila  
Corn Products Company  
Box 345  
Argo, Illinois

D OR CALL:

PARTIES

FROM THE CHAIRMAN'S DESK

Professional Obsolescence

Bill Brazelton has graciously accepted the chairmanship of an ad hoc committee to consider the problem of professional obsolescence and to formulate recommendations as to what approach the section should take in combatting it.

1964 One-Day Symposium

Dr. Charles Forman of Abbott Laboratories has been appointed as General Chairman of the 1964 One-Day Symposium for the Chicago Section. His efforts on the previous meeting made him a natural for the assignment.

Members-in-Service

Bob Opila, who is a delegate to the Illinois Engineering Council, has been appointed to their Interprofessional Relations Committee.

Hank Nolting should have been listed previously as serving on the Professional Development Committee (rather than the Professional Legislation Committee).

Chicago Engineer's Public Relations Committee

A report on the first year's activities of this group has recently been received. (Hank Thorne and Jack Donahue are our representatives to this group.) Its purpose is to coordinate the activities of the engineering societies in the Chicago area in presenting the image of the engineer to the public.

A speakers' bureau has been set up listing available speakers on engineering topics and also of organizations that might need such speakers. A student was selected (by Hank's Subcommittee) to receive a slide rule and certificate as Student-of-The-Year. The group worked with the Washington Award Commission to combine the Washington Award and Engineer's Week Banquets.

Chairman

Our beloved mayor was prevailed upon to proclaim February 17th to 23rd as Chicago Engineer's Week and news coverage was obtained for the ceremonies. There was a heartening amount of coverage of other activities in the press and several TV interviews.

The committee will continue to promote worthy public relations activities during the year. Sponsoring of a series of broadcasts on WTTW discussing engineering is presently under consideration.

All of this costs money, however, and the various societies are being solicited for an expanded budget.

I would like to take this opportunity to thank all of the men listed below for their active participation in the work of the Chicago Section during the past year.

H. M. Betzig
