## AMERICAN INSTITUTE OF CHEMICAL ENGINEERS

### CHICAGO SECTION

#### MAY MEETING:

May 12, 1971

PLACE: Furniture Club  
666 N. Lake Shore Drive  
Chicago, Illinois

PROGRAM: 1) Election of Officers  
2) "Sports on TV", Johnny Morris, Speaker

TIME: Cocktails . . . . . 6:00 p.m.  
Dinner . . . . . 6:30 p.m.  
Elections and Talk . . . . . 8:00 p.m.

COST: Members . . . . . \$6.00  
Non-Members . . . . . \$7.00

HOST: MIXING EQUIPMENT COMPANY, INC.

Mixing Equipment Company, Inc. is the world's largest supplier of fluid agitation equipment. Its products are marketed under the trade name of LIGHTNIN Mixers.

LIGHTNIN Mixers are used for all types of applications such as blending liquids, suspending solids, contacting gas and liquids, promoting reactions, and increasing heat transfer. They can be adapted to almost any size vessel, and are available in all commercial alloys. They range in size from laboratory units to extremely large industrial units of several hundred horsepower. They are used by the chemical, food, drug, and paper industries. In addition, LIGHTNIN Aerators are being used very extensively in biological waste treatment plants.

The main office, manufacturing, and complete process laboratory is in Rochester, New York, with other manufacturing facilities in Canada, Mexico, England, Belgium, and Australia.

#### SPEAKER AND TALK:

Mr. Johnny Morris will be our after-dinner speaker for the May 12 meeting. The topic of his talk will be, "Sports on TV", which will discuss how sports are brought to the public by the TV medium. Mr. Morris will also present a movie showing the highlights of the Chicago Bears.

An All-Pro football player, a world record performance in track and an accolade as one of the Chicago area's Ten Outstanding Young Men, are among the credentials Johnny Morris brings to his nightly sportscasts on Channel 5. Still a young man, Morris brings his WMAQ-TV viewers first hand knowledge of the sports scene from nearly two decades of active participation on the playing field.

A football and track star at the University of California at Santa Barbara, he tied the world's record for the 50-yard dash as a member of the Santa Barbara track team and was named All-Conference halfback in football. Morris signed with the Chicago Bears in 1958 after graduation from Santa Barbara where he received a bachelors degree in Economics. During his 10 year pro career Johnny hit all the highlights including the College All-Star game, the Pro Bowl and the World Championship game of 1963. He caught 93 passes with the Bears in 1964 to break a 14-year NFL record. When he retired from active playing with the Bears he had caught 356 passes and gained more than 5,000 yards from pass receptions, both career team records.

In 1968, Johnny Morris was named one of the Chicago area's Ten Outstanding Young Men by the Chicago Junior Association of Commerce and Industry.

---

#### LOCATIONS AND PARKING:

The Furniture Club is located at 666 N. Lake Shore Drive. From any location in the city, use expressways and exit at the Ohio Street extension and proceed to McClurg Court.

Free parking is available through the courtesy of the Velsicol Chemical Corporation in their lot at the northeast corner of Ohio and McClurg Court, just a short two blocks from the west entrance to the Furniture Mart.

## **1971 ANNUAL ELECTIONS**

### **Five Officers To Be Elected On May 12**

The Annual Elections of the Chicago Section of AIChE will be held at the May meeting. In conformance with recent practice the Committee has nominated one candidate for each post. To insure democratic participation by the membership, nominations from the floor will be encouraged. The Nominating Committee consisting of Dick Snow, Chairman, Gus Winkler and Chuck Forman, submits the following slate of nominees for the following year:

#### Chairman Elect    Chance Bahadur

Chance Bahadur is Assistant to the President of Monsanto Enviro-Chem Systems, Inc., a unit of Monsanto Company.

He is presently Secretary of the Section and has served the Section in various capacities in the past such as Treasurer, Chairman of Program and Publicity and Finance committees. Last year he was also Chairman of the non-technical session of the one-day symposium.

Chance holds Bachelors degrees in Chemistry, Physics and Mathematics, and Nuclear Engineering (with ChE option) from Kansas State University and a Masters in Business Administration from the University of Chicago where he was elected to Beta Gamma Sigma.

#### Vice-Chairman (in charge of program)    Robert Zabransky

Bob is a Design Engineer in the UOP Process Design Dept., and is also an evening instructor in the IIT Chemical Engineering Dept. He is presently Treasurer of the Chicago Section. He was chairman of the House Committee and was on the Membership Committee. He obtained a BS in Chemical Engineering in 1962 and a PhD in Chemical Engineering in 1969, both from IIT.
