AMERICAN INSTITUTE OF CHEMICAL ENGINEERS

CHICAGO SECTION

MAY MEETING

DATE: May 10, 1972

PLACE: Hillside Holiday Inn
4400 Frontage Road, Hillside, Illinois

TIME: Social Hour 5:30 P.M.
Dinner 6:30 P.M.

COST: \$6.00 for Chicago Section members
\$7.00 for non-members

PRE-DINNER PROGRAM: No pre-dinner program is scheduled for the May meeting.

POST-DINNER PROGRAM: "AIChE Problems and Opportunities"

In recent years there has been a great deal of concern over what direction the Institute should be taking to best serve its members. Time and again concern has been expressed about employment practices, secrecy clauses, portable pensions and the Institute's role in providing for a better society. This month's presentation is aimed at answering some of these questions.

The underlying philosophy of a technical or professional society will be discussed and suggestions for suitable objectives and activities will be considered. The problems to which Council has been devoting the bulk of its attention will be reviewed, and opinions from the audience will be solicited on the pros and cons of relative positions on these problems. The advantages and disadvantages of professional society activities will be treated and, hopefully, the opportunities will be revealed to those who are interested in availing themselves of them.

Speaker: Dr. J. J. Martin, Professor of Chemical Engineering, University of Michigan

After receiving his Ph.D. in 1947 from Carnegie Mellon University, Dr. Martin joined the staff at the University of Michigan. He subsequently was promoted to Associate Professor in 1950, and Professor in 1956. In addition to his duties in the Chemical Engineering Department, Dr. Martin is also the Assistant Director of the Institute of Science and Technology at the University.

Dr. Martin has served the Institute on a number of committees. He was elected a Director in 1967, Vice President in 1970 and President in 1971. In addition to AIChE, he is also active in the American Chemical Society and the American Society for Engineering Education.

RESERVATIONS:

If you plan to attend, please fill out and return the prepaid postcard by May 5. Your cooperation will be appreciated as

these reservations are required for scheduling of services. If your plans change or it is impossible to return the postcard, please inform the telephone operator at CPC International, Inc., (312) 581-6800.

HOST: EIMCO

The Eimco Processing Machinery Division of Envirotech Corporation has local sales offices at 301 S. Hicks Road, in suburban Palatine.

Eimco offers complete equipment, services and application capability for liquid-solid separation equipment, including continuous vacuum filters, centrifuges, thickeners and special conveyors, physical/chemical, and biological water and waste treatment including clarification, mixing, flotation, sedimentation, aeration, absorption dewatering and filtration equipment, sludge thermal conditioning and solids incineration.

Envirotech is a multi-national company with corporate offices in Menlo Park, California. Other divisions include: The Allen-Sherman-Hoff Pump Company, pumps and mining equipment; BSP, Thermal Systems equipment; Buell, air pollution control; Dohrmann and Sparling, instruments and controls; Goslin-Birmingham, evaporators, flakers, and other process equipment; Taylor-Stiles, size reduction machines; Wemco, process and pumping equipment; Eimco tunneling and mining machinery equipment; Municipal Equipment Division, sanitary equipment sales and services; Envirotech Systems Inc., services and systems for industrial pollution control.

Envirotech, through these divisions, provides an integrated approach to environmental management, the efficient use and economic reuse of natural resources and, where recycling is not practical, the proper disposal of pollution causing wastes.

JOLIET SUB-SECTION: Ladies' Night Program

Date: Tuesday, May 16, 1972

Place: Holiday Inn South, Intersection of I-80 and Larkin Avenue

Time: Social Hour 6:30 P.M.
Dinner 7:30 P.M.

Cost: \$12.00 per couple

Post-dinner Program: "Holography, New Window on the World"

Using a live gas laser, Mr. D. J. Jurgens of the Illinois Bell Public Relations technical staff will show and describe how holograms are made and illustrate how they will be used by scientists, medical researchers, and industry.

Elections: Election of officers for the coming year will be an integral part of this month's meeting. Nominations from the floor will be accepted, in addition, the Nominating Committee presents the following nominees:

- | | |
|------------------------------------|---------------------------|
| Chairman - Harold White | Secretary - George Hubmer |
| Chairman Elect - Stuart Challenger | Treasurer - Bryce Troyer |

Reservations: For reservations or further information, contact Stuart Challenger by Friday, May 12, at (312) 467-5700.
