

Keynote/Plenary Speakers Match Game

Match the keynote/plenary speaker with their presentation title
(Solution: see conference website - www.tinyurl.com/MRC2017)

1. **Sangtae Kim**, Professor and Chair, Purdue University
 2. **David G. Barton**, Principal Research Scientist, Dow Chemical
 3. **Lisa Long**, Director, Office of Engineering Safety, OSHA
 4. **Jacob Oberholtzer**, Director of Specialties Process Technology, SABIC
 5. **Pete Ludovice**, Comedian and Professor Georgia Tech
 6. **Anne Evens**, CEO, Elevate Energy
 7. **Eric Brey**, Professor, Illinois Tech
 8. **James Rawlings**, Professor, University of Wisconsin
 9. **Mary Ellen Ternes**, Environmental Attorney, Crowe & Dunlevy
- a. “Adjusting to EPA Policy Changes with the new Trump Administration”
 - b. “OSHA’s Process Safety Management– Cause and Effect”
 - c. “Feel the Power of the Dork Side”
 - d. “Application of Economic Model Predictive Control to Large-Scale HVAC Energy Systems”
 - e. “Engineering Vascularized Tissues”
 - f. “Contract Manufacturing: Increasing the Speed of Innovation While Managing Market Uncertainty”
 - g. “Shale Gas Influence on Industrial Catalysis R&D”
 - h. “Doing Good and Doing it Well: Smarter Energy Use for All”

MRC Technical Sessions and Social Events:

Tuesday, February 28, 2017

- Bio-fuels
- Process Modeling & Optimization
- Fluid Dynamics & Transport I & II
- Catalysis I & II
- Process Safety I & II
- Electrochemical Energy Storage
- Renewable Energy
- Job Search Essentials
- Poster Session & Mardi Gras Networking Mixer

Wednesday, March 1, 2017

- Biomedical Engineering I, II & II
- Refining I & II
- Sustainability
- Carbon Capture
- Process Control & Optimization
- Environmental Compliance & Remediation
- Reaction Engineering
- Local Section Dinner (ticketed event)

Bonus Game: Match the picture to the keynote/plenary speaker (Solution: www.tinyurl.com/MRC2017)

On-line registration deadline is **February 14, 2017.**
