**AICHE Local Section Vision Statement**

AICHE Local Sections serve as the lifelong professional home for AICHE members in all sectors of chemical engineering. Each AICHE member is affiliated with one or more Local Sections, and for many, the Local Section is the most personal and accessible point of contact for professional support from AICHE. Local Sections, with the oversight and guidance of the Local Section Steering Committee. We exist to provide support in the areas of career and leadership development, continuing education, networking, and supporting the local community. Every Local Section provides the best support possible by taking into account the local interests and needs of its members. In-turn, Local Sections depend on dedicated volunteers to support programming and pay dues. With this support, Local Sections can remain active and thriving and provide benefits to members that far outweigh the costs of membership such that all AICHE members will participate in Local Sections. As Local Sections continue to grow, all Local Sections will strive to be self-sustaining, highly relevant to all AICHE Members, and advanced in the use of information technology (web and social media) to reach out to the community and members with more value.

**AICHE Judging of Northeastern Ohio Science & Engineering Fair (NEOSEF), at CSU in 2023 in Washkewicz Engineering Hall.**

The Cleveland AICHE Section annually judges the NEOSEF that was held on Pi Day (Einstein B-Day) at Cleveland State Univ. At the CSU banquet 7 students received certificates and \$100 check awards. They received CSU ChE student guided lab tours.

**Monthly Meeting in-person events with AICHE Cleveland Section (meetings in 2022-2023)**

Each month during the school year the AICHE Cleveland Section holds a meeting on various technical, social, and ethical topics. Monthly events are posted on the AICHE Website and CTSC Email notification system for your general interest in attending.

**AICHE Student Chapter, Department of Chemical and Biomedical Engineering, Washkewicz College of Engineering Cleveland State University (Annual AICHE certificates and \$200 check awards for Leadership & Academics).**

**AICHE Student Chapters: Department of Chemical and Biomolecular Engineering, CASE School of Engineering, Case Western Reserve University (Annual AICHE certificates and \$200 check awards for Leadership & Academics). Provided ESG Brewing Class.**

**AICHE Government Interaction with US Department of Energy H2 Hub AMR as well as Ohio Governor on Climate Change.**

Ohio had two Hydrogen Hubs in competition with 79 projects, now 33 finalists nationally for a Department of Energy grant of \$2 Billion for four projects nationally being funded this year. AICHE ("J" below) participated in meeting with Gov. DeWine.

**Young Professionals gathering at AICHE monthly meetings:**

John Juchnowski, Young Professional Chair, met with future YPs from CSU & CWRU AICHE Student Chapter during a ChE career discussion on campus in March 2023, and during tasting tour at Great Lakes Brewing Company and an ASM garden & facility tour.
