

Set up done and ready to go for the ACS NCW Strongsville program.

Valerie and Tim working on the film development with coffee experiment.

Kids working on their experiments with some parents helping them.

Table number 1, behind me, had all the five students sitting that did not want their photos taken.

Joe Yurko waiting for all student table experiments to be ready for the next step.

Table number 2 had twin girls, and one of them wore her white lab coat.

Table number 3 had good teamwork going on all experiments.

Table number 4 had a great time on each and every experiment.

Table number 5 was very enthusiastic on each experiment.

Valeries film development with coffee experiment very successful results!

Students and parents try to identify film animal prints using Field Guide!

Joe awarded Tim the Children's Librarian with the ACS NCW Appreciation Letter for his help and efforts supporting this event!
