

## Engineers Week Activities at Whitaker Center February 17 and 18, 2018

The Central Pennsylvania Engineers Week Council is planning to provide educational exhibits and demonstrations during Engineers Week again this year to supplement the Whitaker Center's existing permanent displays. Please let us know if your society is planning to attend this year.

### Schedule:

Saturday, February 17, 2018 = 10:00am – 4:00pm

Sunday, February 18, 2018 = 12:00pm – 4:00pm

**Proposed Activities:** The following activities were sponsored by member societies last year and were enjoyed by several hundred students during the weekend. We are planning to repeat some of the same activities, but are also looking for new ideas and suggestions.

Society	Discipline	Activity
AIChE	Chemical Engineering	Polymers (alginate worms)
ASCE	Civil Engineering	Structures
ASHE	Highway Engineering	Bridges and Roads
WTS	Transportation	Roller Coaster Designs
IEEE	Electrical Engineering	Circuits
IoPP	Packaging Professionals	Candy Packages
ASME	Mechanical Engineering	Catapults

Volunteers are needed in 2-hour shifts to cover the weekend. A sign-up sheet is attached. Engineers Week is the perfect time to bring engineering to life for kids, educators, and parents. Please help us make a difference here in Central Pennsylvania.

**Note for volunteers:** Whitaker Center has provided guidelines for family members who wish to help out. Children in grades 9-12 who attend with an adult volunteer and plan to help with the activities will receive free admission to the science center for the day. Please refrain from bringing smaller children unless you are personally able to supervise them during the event and pay for their admission.

Please forward your society's list of volunteers by Friday, February 10 to Sue Benjamin at: [sbenjamin@hersheys.com](mailto:sbenjamin@hersheys.com)
