

## **Chemical Engineering Career Panel and Student Scholarship Award Dinner Meeting**

**Date:** Monday, May 6, 2019

**Program:** Please join us at this signature event as we continue our annual tradition of awarding scholarships to local high school students pursuing careers in Chemical Engineering. This year we are awarding three scholarships.

As an added bonus, a panel featuring four Susquehanna Local Section members will discuss their career paths to give the students further insight to their career selection. Each speaker will give a brief presentation, followed by a short Q&A period.

This is a great opportunity for seasoned and young professionals alike to gain first-hand information and practical advice on diverse career paths within Chemical Engineering.
