

Engineers Week Activities at Whitaker Center Saturday, February 15 and Sunday, February 16, 2020

Engineers Week is the perfect time to bring engineering to life for kids, educators, and parents. The Central Pennsylvania Engineers Week Council is planning to provide educational exhibits and demonstrations during Engineers Week again this year to supplement the Whitaker Center's existing permanent displays. Please help us make a difference here in Central Pennsylvania!

Schedule:

Saturday, February 15, 2020 = 9:30am – 5:00pm
 Sunday, February 16, 2020 = 11:30am – 5:00pm

Proposed Activities: The following activities were sponsored by member societies in past years and were enjoyed by several hundred students during the weekend. We are planning to repeat some of the same activities, but are also looking for new ideas and suggestions. Please let us know if you have ideas for new activities, demos you could help provide, or materials that could be used as hand-outs to participants. Hershey has once again offered to provide candy and bookmarks, but we could always use other giveaways, such as stickers, pamphlets, puzzles, etc. For additional information, the national Eweek website can be found at: <https://www.discovere.org/our-programs/engineers-week>

Society	Discipline	Activity
AICHE	Chemical Engineering	Polymers
ASCE	Civil Engineering	Structures
ASHE	Highway Engineering	Bridges and Roads
WTS	Transportation	Roller Coaster Designs
IEEE	Electrical Engineering	Circuits
IoPP	Packaging Professionals	Candy Packages
ASHRAE	Heating, Refrigeration, AC	Air Handling
ASME	Mechanical Engineering	Catapults

Volunteers are needed in 2.5-hour shifts to cover the weekend. We are extending the shifts to 2.5 hours this year in order to get an earlier start and provide coverage at the end of the day for clean-up.

A sign-up sheet is attached. Please forward your society's list of volunteers by Friday, February 7 to Sue Benjamin at: jbenja6460@verizon.net
 And Adam Reimnitz at: reimn004@umn.edu
