Use the Meeting App and Get the Most out of the 2014 Annual Meeting

Now everything you need to manage your time at the Meeting is available on your phone or mobile device.

Put away your pen and paper. The 2014 Annual Meeting app gives you the power to make the most of your time out of the office.

View the technical program down to the paper level. Rate sessions. Search the exhibitors. Plan your schedule. Find a room. Even share your Meeting experience through your favorite social media channel. The app's full functionality allows you to do all this and more. And because it's online it's always up-to-date. See the back of this flyer for details on specific functionality.

Get and install the app before sessions start on Sunday.

Available on the **App Store**

GET IT ON **Google play**

The App is available on the Apple App store (for iOS devices) and Google Play store (for Android-powered devices). Blackberry users can use the web version of the app over a regular cellular connection.

PLAN YOUR SCHEDULE

MY SCHEDULE

The app allows you to build a schedule of the events you plan to attend. Here's how:

1. Add events with one touch by tapping the star in the session's directory or the star in the upper right-hand corner of the desired session page.

2. Removing a session or event is just as easy. Simply reach that session through the directory, the session page or the My Schedule page and tap the star again to clear it.

3. Or add an event with manual entry. Tap the plus sign within the My Schedule icon at the top right to manually create an entry.

BROWSE THE TECHNICAL CONTENT OF THE MEETING

The app allows you to view the technical content through a number of views:

TECH SESSIONS

Technical Sessions – view by date or topic - view the featured, young professionals or student events

ABSTRACTS
