PROCESS DEVELOPMENT
SYMPOSIUM EUROPE

September 25-26, 2019 | DECHEMA-Haus | Frankfurt am Main, Germany

The **2019 PDS Europe**, taking place in **Frankfurt am Main, Germany, September 25-26**, provides an opportunity for process development professionals from all across Europe to discuss their experiences with novel and innovative technologies to trigger radical changes in next-generation process development and operations. It is a place to exchange wisdom, knowledge, and tips in the development and scale-up of chemical and related processes.

With a technical program developed by a local technical committee, sessions will specifically address the needs of those working in process development in Europe –

SESSION TOPICS

- Process Optimization
- Risk Mitigation in Process Development
- Process Intensification
- Overcoming Scale-Up Obstacles
- Poster Session
- Creating a Baseline for Lifelong Learning in Engineering Education
- Modeling & Data Analytics in Process Optimization
- Digitalization
- Case Studies & Lessons Learned

CONFERENCE CO-CHAIRS

Armin Fricke, *Chemstations Europe*

Piet Huizenga, *Shell Global Solutions International B.V.*

TECHNICAL ADVISORY COMMITTEE

Bastian Arendt, *Dow*

Sönke Bröcker, *Evonik*

Thomas Froese, *atlan-tec Systems*

Horst Massong, *AIChE*

Willi Meier, *DECHEMA*

Konrad Triebeneck, *Covestro*

Ulrich Westhaus, *DECHEMA*

Anna Wolna, *Chemstations Europe*
