

AICHE Local Section Vision Statement

AICHE Local Sections serve as the lifelong professional home for AIChE members in all sectors of chemical engineering anywhere in the world. Each AIChE member is affiliated with one or more Local Sections, and for many, the Local Section is the most personal and accessible point of contact for professional support from AIChE. Local Sections, with the oversight and guidance of the Local Section Committee, exist to provide support in the areas of career and leadership development, continuing education, networking, and supporting the local community. Every Local Section provides the best support possible by taking into account the local interests and needs of its members. In turn, Local Sections depend on dedicated volunteers to support programming and pay dues. With this support, Local Sections can remain active and thriving and provide benefits to members that far outweigh the costs of membership such that all AIChE members will participate in Local Sections. As Local Sections continue to grow, all Local Sections will strive to be self-sustaining, highly relevant to all AIChE Members, and advanced in the use of information technology (web and social media) to reach more members with more value.
