

11th Hour is a young, progressive company working in strides to lead the industry in business and convention solutions. Our teamwork and business development is driven by our mission statement and core values to build our future. Our corporate executive team continuously works in tandem with national field leaders to maximize the ideal business center customer experience.

“Over the next five years, we will establish a significant presence in every major convention market in the country. Our vision will be powered by understanding our customers, exceeding their expectations and continuously innovating ways to keep 11th Hour the pioneers of business and convention solutions.”
